## Experience, beyond Security

# U3io-XFacePro

## Fast and Accurate Access Control -

It is an industry-leading performance access control device.

By embedding a high-performance algorithm, users can authenticate in a faster and more accurate manner. The device enables to detect users above or below standard height

## High-performance algorithm

- Face 1:30,000 templates < 1 sec
- Fingerprint 1:50,000 templates < 1 sec
- Up to 30,000 users (1:1 Face)
- Up to 500,000 users (1:1 Fingerprint)

## Slim and Compact Design –

UBio-X Face Pro can be deployed in various sites with its compact design. With a compact and moderately sized LCD screen, it can be deployed in different facilities from small-scale to large-scale businesses.

## New, Sustainable Services -

UBio-X Face Pro is a second released product of UNIONCOMMUNITY's hardware unification. Beyond security, we provide users sustainable experiences through key firmware update.

Ex) Multi view, UBio-Al, VIP Tracking Service, etc.

## Comprehensive RFID

UBio-X Face Pro unifies RF, SC, and HID card types into one. In addition, RF double expands the authentication distance, enhancing customer convenience.

\* HID iCLASS (Optional)

## Convenient Customer Experience

Wi-Fi is supported for the user to wirelessly connect to the internet and integrate with UBio-X Face Pro, which provides convenient customer experience.

### **SYSTEM CONFIGURATIONS**

## **SPECIFICATION**

| Model Name  Model Image            |  |                                  | UBio-X Face Pro   |

#### **Possible Integration**

LID's W.F. . . D.

Integration for Measuring Personnel Temperature

#### Xscan-FQ5

Support Fingerprint & QR Code Authentication

#### Xscan-FP5

Support Fingerprint Authentication

- 1) Recognition distance may vary depending on the card's type  $% \left\{ 1,2,\ldots,n\right\}$
- 2) Attaching XScan-FQ5 is required to enable the supported functionality
